**Thank you** for joining us for the 21st annual Ocean State Job Lot Charitable Foundation Golf Tournament. As you're probably already aware, Ocean State Job Lot covers 100% of the operational and administrative costs for our Foundation ensuring that 100% of your contribution to our Foundation goes to serve those in need.

Collaborating to create positive change is deeply fulfilling. This past year, we collectively provided over 3,000,000 meals to hungry families across nine states. Through our To The Rescue program, nearly \$400,000 in pet supplies was donated to local animal rescue organizations. Through Buy-Give-Get initiatives, we distributed 77,000 coats to veterans, nearly 35,000 backpacks to children in need, and 2,200 bikes to military families. Our Close to Our Heart program empowered store teams to support 728 different nonprofits with over \$158,000 in in-kind donations. Furthermore, we effectively responded to global crises thanks to the generosity of our supporters and strong international partnerships. And the list goes on.

Knowing that we're making a difference together is incredibly satisfying. We deeply appreciate your commitment to our charitable work.

**With many thanks,**  
Alan Perlman and Marlene Bellini

**Tournament Committee**  
Alan Perlman, Marlene Bellini and Tom Regan

Through the Buy-Give-Get coats and backpacks programs, we supplied over 77,000 warm coats to veterans and nearly 35,000 new backpacks to select community groups, including children of military families.

Our Three Square Meals and Pallets to Pantries programs supported hundreds of community organizations, providing over 3 million meals to pantries, kitchens, food banks, and social service agencies across nine states.

We've donated over 300,000 items, including bikes, toys, coats, backpacks, and pairs of PJs and shoes to children and families, including military families, through our Buy-Give-Get programs.

Our partners raised over \$430,000 at our 20th annual golf tournament, with 100% of proceeds supporting veterans, child welfare causes, people struggling with food insecurity, and those without permanent housing.
